Index to Civil Engineering

JANUARY–DECEMBER 1953

Subject Index

AERIAL PHOTOGRAPHY

Index map shows status of aerial photography . . . 636

AERODYNAMICS

"Tests confirm Steinman theory of bridge oscillations," F. J. Maher . . . 554

AGGREGATES

"Jet-piercing method applied to quarrying aggregate," . . . 609

See also Concrete

AIRPORTS

"Arctic engineering know-how gets acid test at Thule," Samuel D. Sturgis, Jr. . . . 585

"Connecticut airport expanded to meet both commercial and military needs," Edwin A. Horner . . . 692

"Highway subway constructed under runways of Los Angeles International Airport," Lloyd Aldrich . . . 236

Lake Charles Air Base to expand . . . 267

Newark Airport opens new passenger terminal . . . 423, 635

Prefabricated structures used for Greenland air base . . . 198

ALUMINUM

Contract awarded for Alcoa addition . . . 266

Heavy extrusion press erected . . . 499

Jamaica bauxite swells U. S. supply . . . 269

Production begins at Rockdale, Tex., plant . . . 56

Production record set in 1952 . . . 123

Record output in March . . . 425

ASCE

Awards and Prizes

Announced by Board . . . 485

Awarded at Annual Convention . . . 624

Freeman Fellowship offered . . . 52

Freeman Fellowship to Ira A. Hunt, Jr. . . . 630

Freeman Fund Scholarship made available by B.S.C.E. . . . 426

John Fritz Medal to William E. Wrather . . . 775

Daniel Mead Prize contest amplified . . . 115

Daniel Mead Prize subjects announced . . . 560

Daniel W. Mead Prizes to Charles W. Griffin, Jr. and Carl A. Rambow . . . 851

Leon S. Moisseiff Award to ten-man committee . . . 627

Alfred Noble Prize to Henry M. Paynter, Jr. . . . 849

J. Waldo Smith Fellowship announced . . . 184

J. Waldo Smith Fellowship awarded to Robert E. Templeton . . . 707

J. Waldo Smith Fellowship offered . . . 848

Badges

New jewelry available . . . 708

Ballots

First ballot for 1954 officers canvassed . . . 558

Last ballots for 1954 officers canvassed . . . 706

Board of Direction

Actions at Annual Convention . . . 773

Actions in Miami in June . . . 484

Actions in San Francisco in March . . . 254

Centennial Celebration

Honored by Danish Engineers . . . 185

Symposia volume ready . . . 559

Issue 1953	Page Numbers
January	1–84
February	85–148
March	149–220
April	221–292
May	293–372
June	373–446
July	447–516
August	517–584
September	585–670
October	671–734
November	735–806
December	807–876

Civil Engineering

1952 Index ready . . . 118

Collective Bargaining

"Collective bargaining for professional employees," Paul M. Wentworth . . . 115

Committees

Atomic Energy Committee reports . . . 847

Committee on Conditions of Practice explained . . . 557

Committee on Conditions of Practice formed . . . 329

Personnel confirmed by Board . . . 850

"Study of expanding society services reported by Task Committee," George W. Burpee, Waldo G. Bowman, Francis S. Friel . . . 259

Competitive bidding among engineers condemned . . . 853

Creed, engineers', reprints available . . . 489

Districts and Zones

Zone boundaries studied . . . 491

Employment Conditions

Engineers, unionization and tax status . . . 850

Questionnaire on employment conditions mailed to members . . . 630

Returns from questionnaire on employment conditions, 1953, summarized . . . 777

Films

"Adam to Atom" available . . . 118

Steinman bridge lecture available to students . . . 257

Honorary Members

Four inducted at Annual Convention . . . 622

Insurance

Accidental death claim paid . . . 118

Joint Activities

AGC-ASCE Joint Cooperative Committee meets . . . 848

ASCE-AIA Joint Cooperative Committee meets . . . 184

Local Sections

California Sections Conference expanded to Pacific Southwest Conference . . . 261

"Designation of man-made wonders progresses," Charles M. Bayer . . . 629

D. C. Section sponsors inspection trip . . . 563

District 6 Council holds first meeting . . . 491

District 7 Council meets . . . 491, 633

District 9 Convention held in Kentucky . . . 487

Hawaii to have all-day convention, March 1 . . . 854

Houston Branch movement aimed at public service . . . 563

Los Angeles and St. Louis Sections select seven wonders . . . 490

Metropolitan Juniors offer refresher course . . . 185

Metropolitan Section forms Sanitary Group . . . 413

Metropolitan Section selects 7 engineering wonders . . . 330

Mid-South Section has President Huber at meeting . . . 328

Mid-South Section holds fall meeting . . . 54

Montana Section officers visit Canyon Ferry Dam . . . 632

More Local Section technical activities needed . . . 187

New England Council of Sections organized . . . 411

Newsletters grow in number and importance . . . 709

Northwestern Section Conference studies West Coast projects . . . 412

Pacific Northwest Conference . . . 256

Sacramento Section president, R. Robinson Rowe, retires . . . 263

Tennessee Valley Section holds spring meeting . . . 492

Texas Section forms two more branches . . . 52

Texas Section has spring meeting . . . 333

Texas Section performs public service . . . 50

West Virginia Section meeting arranged by Junior Members . . . 334

See also Notes from the Local Sections in each issue

Manuals

Manual No. 32 adopted as American standard . . . 189

On concrete shell roofs . . . 49

Meetings

Annual Convention, Oct. 19–23

Activities described . . . 556, 702, 770

Program . . . 614

Ladies Committee . . . 704

Atlanta Convention planned . . . 846

Miami Beach Convention, June 17–19

Activities described . . . 182, 256, 328, 482

Program . . . 322

New Orleans Convention, March 5–7, 1952

Meeting papers available . . . 118

San Francisco Convention, March 3–6

Activities described . . . 48, 114, 252

Program . . . 42

Membership

"ASCE—my observations of the Society," John E. Heer, Jr. . . . 488

Directory data requested . . . 561, 626

Ralph Tudor named Under Secretary of Interior . . . 183

Officers

New officers inducted at Annual Convention . . . 702

Past Presidents get plaques of appreciation . . . 775

President
Daniel V. Terrell nominated for president 484
Inducted at Annual Convention 702
Inaugural address: "More service to the membership—a continuing goal" 758

PROCEEDINGS
Members register for automatic mailing 775
New policy begins in October 559
Proceedings Separates to be photo-offset 410

Professional Practice
Recommendations on A-E contracts 118

Publications
Society publications a unified whole 489

Salaries and Fees
Discussed by ASCE-AGC Joint Cooperative Committee 487
Survey of salaries for civil engineering positions 468

Staff
Harold T. Larsen named Manager of Technical Publications 115
Sydney Wilmot retires as Manager of ASCE Technical Publications 49

Student Chapters
New edition of handbook available 630
Receive Committee commendation 413
Rocky Mountain Conference planned 255
Sponsor regional spring conferences 415
Transition to Local Sections aided 257
George Washington Univ. Chapter host to prestressed concrete conference 187

Technical Divisions
Air Transport Division forms new committee 183
Appointments to Executive Committees 560
Engineering Mechanics Division (Executive Committee) charts course 261
Hydraulics Convention in Minneapolis 558
Hydraulics Division, joint meeting with International Association for Hydraulic Research 477
Irrigation and Drainage Division undertakes new activities 707
More Local Section technical activities needed 187
Plan expansion at Chicago Conference 627
Sanitary Engineering Division discusses establishment of new group 255
Sanitary Engineering Division expands program 257

Technical Publications
Changes in staff announced 115

TRANSACTIONS
Centennial volume issued 852

AMERICAN SOCIETY FOR ENGINEERING EDUCATION
Joint meeting scheduled for October 635
University of Florida host to convention 565

AMERICAN SOCIETY FOR TESTING MATERIALS
Elects new officers at 56th Annual Meeting 566

AMERICAN STANDARDS ASSOCIATION
New screw thread standards proposed 864
Role of ASCE in standardization hailed 860

AQUEDUCTS
"New 126-mile aqueduct to serve phenomenal growth of Florida Keys," John W. Greenleaf, Jr. 543

ARCTIC ENGINEERING
"Arctic engineering know-how gets acid test at Thule," Samuel D. Sturgis, Jr. 585

ASPHALT
Midwest to have large asphalt refining plant 716

ATOMIC ENERGY
AEC announces success of breeder reactor 549
AEC appoints new general manager 790
AEC awards contract for atomic power plant study 567
AEC cancels construction of Spoon River Plant 865
AEC programs construction of full-scale power reactor 864
Atomic power and world fuel reserves 58
Contracts expand Idaho operations 199
Electric power by experimental reactor 430
Large subcontract given for AEC Portsmouth plant 340
More firms added to nuclear power study 423
Operation of college-owned nuclear reactor planned 715
Operation of submarine thermal reactor begins 337
Plant for *Nautilus* nearly completed 58
Plant location in Illinois selected 197
Radioactive wastes in sewage removed by trickling filter plant 638
Construction techniques reduce costs on Paducah, Ky., project of AEC 637
"Trickling-filter sewage plant built to remove radioactive wastes," A. L. Biladeau 546
Westinghouse Corp. organizes equipment department 339
See also ASCE Committees

AWARDS AND PRIZES
Engineers invited to enter architectural exhibition 863
Fellowships offered in the National Science Foundation's Third Annual Graduate Fellowship Program 786
Fulbright Awards announced 499
General Motors Corp. competition, "How to plan and pay for the safe and adequate highways we need" 498, 525, 559, 570
Moles 1953 construction awards 196
Moles awards to J. Rich Steers and Glenway W. Maxon 864
Photogrammetric award available for students 342
Washington Award to Dr. Gustav Egloff 261
Winners in General Motors highway contest 498
See also ASCE Awards and Prizes, and Welding

BEAMS
"Restraining-force method of calculating slope and deflection," Pao Chyuan Huang 842
"Stirrup spacing in beams rapidly determined," Jack Moyse 698

BID PRACTICE
ASCE condemns competitive bidding for professional services 853

BLASTING
"Complex excavation pattern cuts out underground powerhouse," W. G. Huber 396

BRIDGES
AISC esthetics awards made 788
"Australia completes its longest plate-girder bridge," J. A. Holt 538
"Bridge design is guided by esthetics as well as functional considerations for N. Y. State Thruway," P. W. Wendell 749
Caisson floated to Thruway bridge site 785
Construction pushed on Los Angeles Freeway 499
"Continuous bridge girder prestressed in a single operation," Fritz Leonhardt 18
Contract awarded for W. Va. bridge 125
Contract for new Delaware Bridge foundations 567
"Dimensionless curves aid design of flexible arch ribs," Robert S. Rowe, Sidney Shore 699
Discussion of bridge deflections by S. O. Asplund 480
Discussion of German bridge by Neal FitzSimons 112
Early construction for Tapoan Zee Bridge 338
"Economic studies determine location and design of Richmond-San Rafael Bridge," Norman C. Raab, Ralph A. Tudor 232
Financing arranged for Delaware River crossing 501
"First-order survey pin-points construction across Tampa Bay," Peter A. Hakman 461
Floating bridge recommended for Puget Sound crossing 195
Garden State Parkway to span Raritan River 713
"Hinged spans for rarely opened bridges over Florida drainage canals," W. E. Dean 673
Long Beach Bridge contract awarded 862
Mackinac Straits Bridge contracts let 266
Mackinac Straits Bridge plans shelved 337
"Messina Strait Suspension Bridge to span 5,000 ft," D. B. Steinman 830
New bid received on Thruway bridge 337
"Pittsburgh plans new bridges and traffic interchange at Point Park," George S. Richardson 385
Plans for Thruway bridge superstructure revised 195
"Production-line precasting and careful scheduling mark construction of Bay St. Louis Bridge," Robert H. Wood 380
Mrs. Roebling's contribution to Brooklyn Bridge marked 425
St. John's River Bridge, Fla., nears completion 57
Savannah River bridge to expedite through traffic 122
"Short-span prestressed beams carry highway bridge in Danvers, Mass.," J. C. Rundlett 13
South of the border 787
Symposium, "Venezuela Superhighway," Eugene Freyssinet, Jean Muller, Robert Shama 157
Discussion by J. J. Polivka 480
"Tests confirm Steinman theory of bridge oscillations," F. J. Maher 554
"Tests establish construction procedures for prestressed beams in Tampa Bay Bridge," W. E. Dean 30
Venezuela builds second concrete-arch bridge 337
See also Concrete, Precast and Prestressed

BUILDING RESEARCH ADVISORY BOARD
Conference explores building in warm climates 125

BUILDINGS
All-welded building for Downstate Medical Center of State U. of N. Y. 336
"Buildings in Pittsburgh's Gateway Center include unusual structural features," Joseph Di Stasio, M. P. van Buren 600
"Grid-type footings support California State Capitol extension," Frank A. Johnson 373
Discussion by Abraham I. Gartner 555
Hospital contract let 498
Huge merchandise mart planned for New York 786
Insulated skin wall construction for office building 716
"Largest structure to date built by lift-slab method" (Norfolk, Va., Navy barracks), Edward K. Bryant 606
Link-Belt expands its production facilities 57
"New frame, old face, for Yale's Connecticut Hall," Charles B. Spencer 671
New York bank to utilize ultra-modern design 788
"Prestressed concrete frames characterize U. S. Army laundry in Germany," Otto W. Steinhardt 388
"Reinforced concrete featured in Bolivian church," Gabriel E. Lund, Robert D. Schacherl 464
Skyscraper dedicated by Alcoa in Pittsburgh 714
Statler breaks ground for Dallas hotel 786
Steel mill starts operation in Kentucky 502

BUILDING CODES
ASCE Manual No. 32 adopted as American standard 185

BUREAU OF STANDARDS
Engineers and scientists in study 410

CANALS
Chain of Rocks Canal aids Mississippi River shipping 340
"Low-cost compacted earth lining shows low seepage losses on Friant-Kern Canal," J. J. Waddell 684
"Rock depths along canal route determined by seismic refraction," W. E. Schubert 402

CAUSEWAY
Texas Causeway nears completion 863

CEMENT
Ideal Cement Company dedicates research center 638
"Pressure prehydration increases strength of hydraulic cement mortar specimens," Thomas H. Whitfield, Jr. 611

COFFERDAMS
"How to avoid cofferdam boils," Byron J. Prugh 765
Symposium, "Almendares River Tunnel"
"Havana traffic tunnel built in the dry," H. C. Boschen 447
"Miraman cofferdam dewatered by well-points," Byron J. Prugh 452
"Intrusion grouting seals rock for Vedado cofferdam," John C. King, John R. Anderson 454
"West Virginia highway bridge piers built inside cellular cofferdams," R. C. Jennings 428

CONCRETE
ACI studies concrete uses at meeting 268
"Fly ash improves concrete and lowers its cost," A. S. Pearson, T. R. Galloway 592
Impact resistance of concrete studied 267
"Steel girders hung from concrete cantilevers," Homer M. Hadley (Dec. '52) Discussion by M. Schwartz 181
Discussion by author 318
"Vermiculite concrete insulates cantilevered heating slab" 610
Wisconsin University tests aging concrete 270

CONCRETE, PRECAST
"Assembly-line technique results in low-cost concrete construction at Forrestal Village," William R. Lorman, Carl K. Wiehle, Jr. 760
"Precast concrete lends itself to economical bridge construction," E. L. Erickson 92
"Precast concrete permits rapid construction of large Marine training center," D. G. Hall 533

"Production-line precasting and careful scheduling mark construction of Bay St. Louis Bridge," Robert H. Wood . . . 380
"Promising future predicted for precast thin-shell construction," Arsham Amirikian . . . 530
Sandwich-wall construction speeds aircraft plant expansion . . . 640
Slabs developed for bridge maintenance . . . 567
Use of precast concrete wall panels speeds large terminal project . . . 636

CONCRETE, PRESTRESSED

"Big loads—no steel result in world's heaviest prestressed building girders," T. Y. Lin (Nov. '52)
Discussion by G. Magnel . . . 111
Discussion by author . . . 111
Box-girder bridge built in Cuba . . . 269
Conferences scheduled . . . 197
Consulting firm formed . . . 337
"Continuous bridge girder prestressed in a single operation," Fritz Leonhardt . . . 18
"Forging-hammer foundation built to control destructive vibrations," Alden M. Klein, J. H. A. Crockett . . . 6
"Prestressed concrete frames characterize U. S. Army laundry in Germany," Otto W. Steinhardt . . . 388
"Prestressed concrete makes rapid progress in the United States," Myle J. Holley, Jr. . . . 1
"Prestressed concrete railway bridge of record span completed at Rotherham, England," Donovan H. Lee . . . 26
Prestressing used for Philadelphia water tank project . . . 861
"Prestressing warrants study to simplify construction methods," Maxwell M. Upson . . . 22
"Short-span prestressed beams carry highway bridge in Danvers, Mass.," J. C. Rundlett . . . 13
Symposium, "Venezuela Superhighway," Eugene Freyssinet, Jean Muller, Robert Shama . . . 157
Discussion by J. J. Polivka . . . 480
"Tests establish construction procedures for prestressing beams in Tampa Bay Bridge," W. E. Dean . . . 30
"What do we need to know about prestressed concrete?" N. M. Newmark . . . 35
Discussion by Elmer K. Timby . . . 180

CONCRETE, THIN SHELL

"Construction plant for shell structures should be carefully coordinated," Anton Tedesko . . . 97
"Precast concrete offers new possibilities in design of shell structures," Pier Luigi Nervi . . . 85
Precast roof design promises economies . . . 715
"Promising future predicted for precast thin-shell construction," Arsham Amirikian . . . 530
"Shell design adaptable to many uses," Charles S. Whitney . . . 89

CONSTRUCTION EQUIPMENT

Aids Korean conflict . . . 125
Allis-Chalmers starts operating Buda Company . . . 863
"Big equipment speeds tunnel construction," E. Donald Phinney . . . 154
British moving problem solved . . . 267
Caterpillar Tractor Co. builds plant . . . 130
General Motors acquires Euclid Road Machinery Co. . . . 866
"High-tensile-strength bolts used in erection of 200-ton derrick and pile driver leads," Walter W. Rody . . . 198
International Harvester acquires Frank Hough Co. . . . 130
Large derrick speeds Canadian refinery project . . . 714
Men and machines clean up tornado damage . . . 423
Throatless press has 75,000-ton capacity . . . 124

CONSTRUCTION INDUSTRY

AGC acts on industrial problems at 34th annual meeting . . . 336
John MacLeod nominated for presidency of AGC . . . 792
"What happens to construction when defense spending stops," J. P. Yates . . . 304

CONSTRUCTION METHODS

"Construction plant for shell structures should be carefully coordinated," Anton Tedesko . . . 96
"Largest structure to date built by lift-slab method" (Norfolk, Va., Navy barracks) Edward K. Bryant . . . 606
Lifting method expedites heavy roof construction . . . 195
"Prestressing warrants study to simplify construction methods," Maxwell M. Upson . . . 22

CONSTRUCTION VOLUME

Federal construction contract awards $4.4 billion in 1952 . . . 424
Monthly activity reported . . . 62, 122, 194, 268, 340, 422, 498, 564, 634, 564, 790, 860
Record activity in 1953 foreseen . . . 717
Rise in 1953 activity forecast . . . 56
Urban building valued at $9 billion in 1952 . . . 271

CONTRACTS

Contract form issued as construction guide . . . 707

CORPS OF ENGINEERS

Contracts for Alaskan projects are awarded . . . 200
Revised budget for Civil Functions . . . 568

CULVERTS

"'Insurance' concept balances economic factors in culvert design," Ralph W. Powell . . . 408

DAMS

Bids on generators for Chief Joseph Dam rejected . . . 338
Chief Joseph Dam nears completion . . . 501
"Construction starts on Cherry Valley Dam—newest unit in Hetch Hetchy system," M. L. Dickinson . . . 308
Contract awarded for Seyhan Dam in Turkey . . . 634
Davis Dam and Power Plant dedicated . . . 59
Early construction for the Dalles Dam and Powerhouse . . . 500
Falcon Dam dedicated by two presidents . . . 784
Gavins Point Dam contract given . . . 269
"Gunite blanket improves foundation grouting for earth dams," James B. Hays . . . 246
Discussion by Fred H. Lippold . . . 480
Discussion by author . . . 768
Lavon Dam in Texas dedicated . . . 863
"Local materials in high Andes prove suitable for rolled-fill dam," A. E. Cummings, R. B. Peck . . . 293
Proceedings of Fourth International Congress on Large Dams available . . . 261
"Special portals for outlet tunnels maintain slope stability at Garrison Dam," K. S. Lane . . . 596

DEFENSE PROGRAM

FCDA schedules West Coast engineering symposium . . . 60
Army awards defense contracts in Alaska . . . 501

DRAINAGE

"Cuts stabilized by drilling horizontal drains on Lookout Point Reservoir relocation work," Jack E. Newby . . . 688
"Pumping stations for drainage areas designed graphically," Oliver J. Parsons . . . 553

DREDGING

Discussion on hydraulic dredge performance by Ole P. Erickson . . . 250
Hydraulic dredge to increase Canadian power . . . 199
"Memorable dredging operation opens Orinoco-Macareo Waterway, Venezuela," Walter H. Gahagan . . . 816

EARTHMOVING

Westinghouse Air Brake Co. buys business . . . 426

ECONOMICS OF ENGINEERING

"Exhibit saves lumber waste on tunnel jobs," A. M. Rawn . . . 108

EDUCATION

"A university president looks at engineering education," Robert G. Sproul . . . 394
Cooper Union briefs older alumni on modern science . . . 636
How to uncover scholarship information . . . 420
Student deferment in selective service interpreted . . . 638
U. of Michigan Engineering Centennial . . . 714
Westinghouse professorship in engineering education . . . 568
See also Engineers Joint Council

EMPLOYMENT

Engineers urgently needed in the Middle East, Harry A. Seran . . . 845
Purchasing services versus hiring employees, L. E. Brigham . . . 844
Returns from questionnaire on employment conditions, 1953, summarized . . . 777

ENGINEERING SOCIETIES

AICE elects 1953 officers . . . 339
AWWA initiates Transmission and Distribution Division . . . 422
British engineers host to second EUSEC meeting . . . 184
Moles elect Past-President Dougherty head . . . 422

ENGINEERING SOCIETIES LIBRARY

"Our Library service grows," Ralph H. Phelps . . . 849
Serves many by mail and telephone . . . 49

ENGINEERING TRUSTEES, INC.

Engineering Societies Building outgrown . . . 706

ENGINEERS COUNCIL FOR PROFESSIONAL DEVELOPMENT

Fenn College C. E. program accredited . . . 854

ENGINEERS AND ENGINEERING

Call for *Who's Who in Engineering* data . . . 340
"Designation of man-made wonders progresses," Charles M. Bayer . . . 629
Engineers warned of "Spanish Prisoner" swindle . . . 59
Franz Dischinger, noted German engineer, dies . . . 271
Who's Who in Engineering, to be revised . . . 60
Work on A. W. K. Billings in Brazil published . . . 778

ENGINEERS COUNCIL FOR PROFESSIONAL DEVELOPMENT

Career booklet issued . . . 334
Joint meeting scheduled for October . . . 635

ENGINEERS JOINT COUNCIL

Actions briefed . . . 50
Annual report ready . . . 413
Calls for higher education in scientific age . . . 412
Certification of sanitary engineers recommended . . . 628
Civil engineer's income lowest in profession . . . 413
Denied right to incorporate . . . 411
Engineers in service to be notified of jobs . . . 262
Guidance work of Los Angeles Engineering Council lauded . . . 707
Is concerned with Army assignments . . . 642
Manpower Commission announces 1953 program . . . 185
NSPE finds EJC unity plan unacceptable . . . 560
Takes steps toward expansion at Jan. meeting . . . 183

EROSION

"Gully stabilization structures check erosion in western Iowa," Gunnar M. Brune . . . 590
"Scour holes easily contoured for erosion experiments," C. J. Posey . . . 404

FILMS AVAILABLE

Dravo Corp. technical film available . . . 269
Film shows effects of California earthquakes . . . 430

FLOOD CONTROL

Funds allocated for Corps of Engineers studies . . . 792
"Methods of general application developed for finding peak flood flow," A. H. Davison (June '52)
Discussion by author . . . 112

FLUID MECHANICS

See Hydraulics

FLY ASH

"Fly ash improves concrete and lowers its cost," A. S. Pearson, T. R. Galloway . . . 592

FOREIGN ENGINEERING

"Australia completes its longest plate-girder bridge," J. A. Holt . . . 538
Congo development program . . . 715
Guatemala plans port development program . . . 715
Heavy equipment solves British moving problem . . . 267
India dedicates Bokaro Steam Power Plant . . . 266
India receives funds for Damodar Valley project . . . 342
Jordan to have power and irrigation project . . . 426
"Local materials in high Andes prove suitable for rolled-fill dam," A. E. Cummings, R. B. Peck . . . 293
"Messina Strait Suspension Bridge to span 5,000 ft," D. B. Steinman . . . 830
"Prefabricated steel piers cut construction costs," Howard P. Maxton . . . 306
"Prestressed concrete railway bridge of record span completed at Rotherham, England," Donovan H. Lee . . . 26
Symposium: Venezuelan iron-ore development
"Vast and varied engineering works develop deposit," W. W. Wanamaker . . . 807
"Railroad 90 miles long built at record speed," George R. Barlow . . . 812
"Memorable dredging operation opens waterway," Walter H. Gahagan . . . 816
"Conveyors handle 6,000 tons of ore per hour," L. O. Millard . . . 821
Symposium, "Venezuela Superhighway," Henrique Siblesz, Ralph Smillie, E. Donald Phinney, Eugene Freyssinet, Jean Muller, Robert Shama . . . 149
Venezuela builds second concrete-arch bridge . . . 337

FORGING HAMMERS

"Forging-hammer foundation built to control destructive vibrations," Alden M. Klein, J. H. A. Crockett 6

FOUNDATIONS

"Grid-type footings support California State Capitol extension," Frank A. Johnson 373
Discussion by Abraham I. Gartner . . . 555
"Hydrostatic pressures under a canal measured accurately," P. H. S. Follett . 248
"Machine foundation supported by steel rods driven through clay," Ernest E. Howard 248
Steel-pile foundations for buildings discussed by Francis L. Pruyn 768

GRADE SEPARATIONS

"Highway subway constructed under runways of Los Angeles International Airport," Lloyd Aldrich 236

GROUTING

"Gunite blanket improves foundation grouting for earth dams," James B. Hays 246
Discussion by Fred H. Lippold 480
Closure by author 768
"Intrusion grouting seals porous coral rock for Vedado cofferdam," John C. King, John R. Anderson 454

HANGARS

"Long trusses and steel cantilevers provide open work area for Boeing flight hangar," Murray A. Wilson 312

HEAT

Atomic power and world fuel reserves. . . 58

HIGHWAY RESEARCH BOARD

Early damage to WASHO test road analyzed 339
First failures noted in WASHO road test . 567
"Special instruments measure WASHO road-test data," W. N. Carey, Jr. . . . 681
Tractor scraper grading hauls 642

HIGHWAY SAFETY

Sight distances at railroad crossings discussed by Hubert E. Snyder 180

HIGHWAYS

Bayshore Freeway in San Francisco, steel placed 123
Boston Aerial Highway incorporates snow-melting system 862
"Concrete pavement 9 in. thick supported by 4 ft of selected material for N. Y. State Thruway," Conrad H. Lang . . 746
F. V. du Pont appointed Public Roads Commissioner 269
Engineers chosen for Garden State Parkway 57
"Future development of the art and science of highway engineering," Thomas H. MacDonald (Oct. '52)
Discussion by W. H. Caruthers . . . 180
"How to plan and pay for the safe and adequate highways we need," Lacey V. Murrow 524
Kew Gardens Interchange nears completion 566
Need for highway funds stressed at ARBA annual meeting 194
New York firm awarded Hampton Roads project 564
New York's $11,000,000 elevated highway 565
"Pittsburgh plans new bridges and traffic interchange at Point Park," George S. Richardson 385
Symposium, "Venezuela Superhighway," Henrique Siblesz, Ralph Smillie, E. Donald Phinney, Eugene Freyssinet, Jean Muller, Robert Shama 149
Winners in General Motors highway contest 498
See also Bridges, Grade Separations, Highway Research Board, Highway Safety, Toll Roads, and Tunnels.

HOUSING

"Assembly-line technique results in low-cost concrete construction at Forrestal Village," William R. Lorman, Carl K. Wiehle, Jr. 760
Housing for 1952 starts 4 percent above 1951 198
Specialists needed for foreign assignment . 128

HYDRAULICS

"Approximate method determines bridge pier loss," G. M. Allen, Jr. 177
"Backwater profiles solved by Escoffier-Raytchine-Chatelain method," John R. Stipp 551
"Equation for submerged sharp-crested weirs found applicable to 6-in. Parshall flume," James R. Villemonte, Vasudeo N. Gunaji 406
Hydraulic experts meet at Rocky Mountain Laboratory 714
"Hydraulic jump in irregular cross-sections computed by time-saving method," Daniel D. Howell 766
"Hydraulics laboratory (Iowa Institute of Hydraulic Research) equipment demonstrates fundamental principles of flow," D. E. Metzler 315
"Hydrostatic pressures under a canal measured accurately," P. H. S. Follett . 248
International Hydraulics Convention in Minneapolis 705
"Miniature current meter fits inside of diamond drill hole to measure flow in limestone cavities," G. F. Sowers . . 176
"Portable demonstration channel at St. Anthony Falls Hydraulic Laboratory," Lorenz G. Straub 466
"Small tractor cranes help make stream measurements for U.S.G.S.," Arthur H. Frazier 697
"Vortex motion in viscous fluids studied" (at University of California, Berkeley, laboratory), H. A. Einstein, Huon Li . 605
Discussion by C. J. Posey 844
"Water tunnel teaches Bernoulli principle," (at Northwestern University Hydraulics Laboratory) W. S. Hamilton 834

HYDROELECTRIC POWER

Brazil gets international bank loan for hydro project 636
Construction in Canada at record high . . 338
Large power station goes into service in Idaho 339
"Ontario Hydro blasts out Niagara power tunnels of 51-ft diameter," Jesse R. Glaeser 676
"Ontario Hydro tunnels—lining concrete pumped into place," Jesse R. Glaeser . . 753
St. Lawrence Power plan authorized by Eisenhower 861
"Special portals for outlet tunnels maintain slope stability at Garrison Dam," K. S. Lane 596
"Tunnels and underground penstocks require a million cu yd of rock excavation" (Alcan-British Columbia project) W. G. Huber 102

INSTRUMENTS

Large-capacity dynamometers at U. S. Bureau of Standards 717
"Miniature current meter fits inside of diamond drill hole to measure flow in limestone cavities," G. F. Sowers . . . 176

INSULATION

"Vermiculite concrete insulates cantilevered heating slab" 610

INTAKES

"Water intake for steel company built to withstand Monongahela River floods," Charles W. Granacher 528
See also Power Plants

IRON

Ductile iron developed for water mains . . 124
Monograph in alloys of iron research series ready 420

IRRIGATION

Discussion of the Basin Account and the Interest Component by J. S. Stevens (Oct. '52)
Discussion by Lynn Crandall . . . 181
Discussion by Donald W. Van Tuyl . 181
Discussion by Alfred R. Golzé . . . 319
Haiti gives contract for project 123

LABORATORIES

General Electric will build new research laboratory 716
Lehigh University to have new testing lab 566

LAW

"Legal responsibility of the registered engineer," Walter C. Sadler 311

LEGISLATION

Ohio Supreme Court sustains Commission's right to specify pavement 499
See also Engineers Joint Council, Law, and department, "Notes from the Capital"

LOCKS

New motor controls are ordered for Panama Locks 425

MANPOWER, ENGINEERING

Better utilization of manpower studied . . 861

MAPPING

"Saving time and money in map reproduction," Paul J. Dube 612
See also Aerial Photography and Surveying

MATERIALS TESTING

"Pneumatic pillow replaces sand bags for dead-load testing of structural panels," E. A. Miller 840

MATHEMATICS

"Intersection of two lines computed by simple method," Les Clarke 178
Discussion by R. F. Winston . . . 318
Discussion by William Davis . . . 318
Discussion by R. Robinson Rowe . 409
Discussion by John L. Nagle . . . 409

MEETINGS AND CONFERENCES

Air Force display features Military Engineers meeting 425
EIC holds 67th annual meeting 500
Europe-U. S. Engineering Congress held in Paris 709
International Association for Hydraulic Research, joint meeting with ASCE Hydraulics Division 477
UPADI papers given at New Orleans available 334

MILITARY ENGINEERING

Aftermath of Korean War 426
"Arctic engineering know-how gets acid test at Thule," Samuel D. Sturgis, Jr. . 585
"Precast concrete permits rapid construction of large Marine training center," D. G. Hall 533

ORE HANDLING

"Conveyors handle 6,000 tons of ore per hour at Puerto Ordaz, Venezuela," L. O. Millard 821

ORGANIZATIONS OF ENGINEERS

UPADI plans activities 560

PARKING

Chicago starts underground parking garage 342
San Francisco builds second parking garage 864

PAVEMENT

Airfield pavements tested with 100-ton load 718
"Concrete pavement 9 in. thick supported by 4 ft of selected material for N. Y. Thruway," Conrad H. Lang 746
New device automatically analyzes surface characteristics 865
Welded wire fabric used in airport paving . 862

PIERS

Contract given for new Hoboken pier . . . 713
Contract let for superstructure of Pier 37 . 124
"Prefabricated steel piers cut construction costs," Howard P. Maxton . . . 306
"Transmission-line piers built under water without cofferdams," Ben C. Gerwick, Jr. 221
"West Virginia highway bridge piers built inside cellular cofferdams," R. C. Jennings 428

PILING

Compressed concrete piles overcome settlement at housing project 200
Design curves for steel sheetpiling available 184
Discussion of steel-pile foundations for buildings by Francis L. Pruyn . . . 768
Rotary mixed-in-place grouting for piles . 126

PIPE

Concrete Pipe Assoc. has 3rd annual meeting 270
Perforated pipe sumps solve drainage problem 342

PIPELINES

Alaska military pipeline contract let . . . 866
Indian pipeline contract to New York firm . 638
Industrial municipality installs multiple clay pipeline 128
Oil pipeline under Mackinac Straits . . . 712

PORTS AND MARITIME STRUCTURES

Improvement of N. Y. waterfront authorized 339

POWER

"Interior Department policy reflects new approach," Ralph A. Tudor 826
Task force will study federal role in power . 862

POWER PLANTS

"Complex excavation pattern cuts out underground powerhouse," W. G. Huber 396
"Design saves construction dollars on Contra Costa Power Plant," Edgar J. Garbarini 297

Early construction for The Dalles Dam and Powerhouse . . . 500
Electro-osmotic process stabilizes power plant foundation . . . 424
"Half million gpm of condensing water used by TVA's Johnsonville Steam Plant," Clifton W. Bolieau . . . 376
Philadelphia firm builds power plant in Sicily . . . 785
Westinghouse to supply power plants for Japan . . . 785
See also Hydroelectric Power

PREFABRICATION

"Prefabricated steel piers cut construction costs," Howard P. Maxton . . . 306
Speeds building of Greenland Air Base . . . 198

PROFESSIONAL ADVANCEMENT

"Engineers needed on new frontier," A. E. Perlman (Dec. '52)
Discussion by Barry Rydz . . . 113
See also Engineers' Council for Professional Development

PUBLIC WORKS

APWA meets in New Orleans . . . 864
Chicago reorganizes department . . . 197

PUMPS AND PUMPING

"Pumping stations for drainage areas designed graphically," Oliver J. Parsons . . . 553
"Stresses in frame of Grand Coulee Pumping Plant reduced by construction procedure," Erik J. Sollid . . . 318

PUZZLES AND PROBLEMS

"How would you do it?" (Pan American Highway erosion) . . . 39
Discussion by E. E. Verbeemen . . . 250
Discussion by K. F. Shippey . . . 250
See also How Would You Do It? and N. G. Neare's Column in each issue

QUARRYING

"Jet-piercing method applied to quarrying aggregate" . . . 609

RAILROADS

"Prestressed concrete railway bridge of record span completed at Rotherham, England," Donovan H. Lee . . . 26
"Railroad 90 miles long built in Venezuela" George R. Barlow . . . 812

RAPID TRANSIT

Authority formed to study New York financing . . . 426
Los Angeles authorizes monorail transit survey . . . 423

REGISTRATION OF ENGINEERS

Discussion of National Bureau of Engineering Registration by Frank H. Prouty . . . 110

REINFORCED CONCRETE

"Reinforced concrete featured in Bolivian church," Gabriel E. Lund, Robert D. Schacherl . . . 464

RIVERS

"Missouri Basin Survey Commission reports," Ralph R. Marlette . . . 344

ROOFS

Lifting method expedites heavy construction . . . 19
Steel roof decking expedites industrial building . . . 501
See also Concrete, Thin Shell

SALARIES AND FEES

Civil engineers' income lowest in profession . . . 413
College graduates reach new salary heights . . . 199
Engineers in service to be notified of jobs . . . 262
OSS ruling defines "professional engineer" . . . 123
See also ASCE Salaries and Fees

SANITARY ENGINEERING

Certification of sanitary engineers recommended . . . 628

SEISMIC REFRACTION

"Rock depths along canal route determined by seismic refraction," W. E. Schubert . . . 402

SEWAGE DISPOSAL

"Miami tackles multi-faced pollution problem," E. Sherman Chase . . . 458
Discussion by Ross F. Sweeny . . . 613
"Sewage disposal project cleans up San Francisco Bay," R. C. Kennedy . . . 390

SEWAGE TREATMENT

"Centralized sludge treatment featured in San Francisco sewage plant," Ben Benas . . . 226
Cincinnati to build treatment works . . . 714
Missouri municipality builds sewerage project . . . 270
"Modifications in aeration and activated sludge process offer flexibility," Gail P. Edwards . . . 300
"Sewage and water facilities for Levittown, Pa.," Alfred A. Estrada . . . 836
"Sewage disposal project cleans up San Francisco Bay," R. C. Kennedy . . . 390
"Trickling-filter sewage plant built to remove radioactive wastes," A. L. Biladeau . . . 546
See also Atomic Energy

SEWERAGE

Pittsburgh area plans sanitary clean-up . . . 863
Program developed for greater Vancouver . . . 786
San Diego problem studied . . . 196
"Weir plates helpful in sewer gaging," Arthur W. Sweeton, 3rd . . . 40

SOIL MECHANICS

"Normal size distribution found in samples of river-bed sand," T. Blench (Feb. '52)
Discussion by author . . . 113
"Soil-cement for house construction," Ralph Stone (Dec. '52)
Discussion by K. N. Cundall . . . 112
Third International Conference . . . 785

SOIL STABILIZATION

Electro-osmotic process stabilizes power plant foundation . . . 424
New compaction process permits building on sand . . . 60

STEEL

Fairless Plant of U. S. Steel begins production . . . 57
Great Lakes Steel to enlarge its Zug Island blast furnace . . . 634
Industry requires materials from 74 countries . . . 128
New mill starts operation in Allenport . . . 570
New type of construction . . . 125
Placed for Bayshore Freeway . . . 123
"Prefabricated steel piers cut construction costs," Howard P. Maxton . . . 306
Process aids making of alloy seamless steel tubing . . . 270
Processing facilities planned . . . 128
Producer acquires John A. Roebling's Sons Co. . . . 130
Record output in 1952 . . . 122
Steel Joist Institute names officers . . . 570
Symposium: Venezuelan iron-ore development
"Vast and varied engineering works develop deposit," W. W. Wanamaker . . . 807
"Railroad 90 miles long built at record speed," George R. Barlow . . . 812
"Mem rable dredging operation opens waterway," Walter H. Gahagan . . . 816
"Conveyors handle 6,000 tons of ore per hour," L. O. Millard . . . 821
U. S. steel output sets record . . . 716
U. S. Steel to build in Ohio . . . 502

STREAM POLLUTION

Delaware River clean-up is well advanced . . . 635
Reduction reported . . . 570

STRUCTURAL DRAWINGS

Discussion by John G. Loehler . . . 320

STRUCTURAL ENGINEERING

"Buildings in Pittsburgh's Gateway Center include unusual structural features," Joseph Di Stasio, M. P. van Buren . . . 600
Discussion by Steven S. Cooke-Yarborough . . . 845
"Continuous frames with intermediate hinged joints analyzed with existing charts," Keith A. Kelly . . . 109
"Dimensionless curves aid design of flexible arch ribs," Robert S. Rowe, Sidney Shore . . . 699
"Stirrup spacing in beams rapidly determined," Jack Moyse . . . 698
"Stresses in frame of Grand Coulee Pumping Plant reduced by construction procedure," Erik J. Sollid . . . 318

SURVEYING AND MAPPING

American Congress on Surveying and Mapping holds annual meeting . . . 342
"Angles laid out in field with steel tape alone," Marvin Gates . . . 551
Discussion by Paul A. Parisi . . . 613
"First-order survey tin-points construction across Tampa Bay," Peter A. Hakman . . . 461
"Intersection of two lines computed by simple method," Les Clarke . . . 178
Discussion by R. F. Winston . . . 318
Discussion by William Davis . . . 318
Discussion by R. Robinson Rowe . . . 409
Discussion by John L. Nagle . . . 409
"Self-reading level rod easily reconditioned," Douglas L. Parkhurst . . . 550
Level rod illustration corrected . . . 701
"Simplified method for preliminary hydrographic surveys of calm waters," Robert D. Schacherl . . . 316
"Special equipment developed for surveying in Florida Everglades," Keith M. Hartsfield . . . 474
Thermal expansion of invar tapes tested by electrical resistance . . . 568

TANKS

"20,000-gal oil-fired tank supplies hot water for ready-mix concrete plant," George J. Jonas . . . 404

TENNESSEE VALLEY AUTHORITY

"Record-size pump-turbine to be installed at TVA's Hiwassee project," Reed A. Elliot, Don H. Mattern . . . 172

TIMBER

"Exhibit saves lumber waste on tunnel job," A. M. Rawn . . . 108
Lumber research program started . . . 500

TIME, STANDARD

ASCE instrumental in establishing Standard Time . . . 852

TITANIUM

Plant to be built in Tennessee . . . 860

TOLL ROADS

Contract given for Turnpike extension . . . 423
Kansas selects toll road consultants . . . 638
Link between Turnpike and Holland Tunnel planned . . . 713
New Jersey tackles second toll highway . . . 564
New York State Thruway
"Authority pushes work on 427-mile New York–Buffalo section," B. D. Tallamy . . . 735
"Highway use determines economic feasibility," Elmer B. Issak . . . 738
"Construction standards designed to attract traffic," J. B. McMorran . . . 742
"Concrete pavement 9 in. thick supported by 4 ft of selected material," Conrad H. Lang . . . 746
"Bridge design is guided by esthetics as well as functional considerations," E. W. Wendell . . . 749
Ohio Supreme Court sustains Commission's right to specify pavement . . . 499
Pencoyd Viaduct, Philadelphia, on Schuylkill Expressway . . . 715
Toll highways increase . . . 635
Virginia studies possible toll road construction . . . 634

TOWERS

Guyed steel mast of light weight supports flare stack . . . 501

TRANSPORTATION

"Mass Transportation—Can we afford it?" Marcus Nadler . . . 829

TRUSSES

"Long trusses and steel cantilevers provide open work area for Boeing flight hangar," Murray A. Wilson . . . 312

TUNNELS

"Alcan-British Columbia hydro project—tunnels and underground penstocks require a million cu yd of rock excavation," W. G. Huber . . . 102
Almendares River Tunnel
"Havana traffic tunnel built in the dry," H. C. Boschen . . . 447
"Miramar cofferdam dewatered by well-points," Byron J. Prugh . . . 452
"Intrusion grouting seals rock for Vedado cofferdam," John C. King, John R. Anderson . . . 454
"Boqueron tunnels carry Autopista through foothills," Ralph Smillie . . . 152
Boqueron tunnels in Venezuela—"Big equipment speeds tunnel construction," E. Donald Phinney . . . 154
Lining for third tube of Lincoln Tunnel fabricated . . . 866
"Ontario Hydro blasts out Niagara power tunnels of 51-ft diameter," Jesse R. Glaeser . . . 676
"Ontario Hydro tunnels—lining concrete pumped into place," Jesse R. Glaeser . . . 753
"San Francisco's Broadway Tunnel completed," Ralph G. Wadsworth . . . 241
Second tunnel under Houston Channel opened . . . 784
Shield for third Lincoln Tunnel under contract . . . 636
Three companies receive Lincoln Tunnel contract . . . 786

TURBINES

"Record-size pump-turbine to be installed at TVA's Hiwassee project," Reed A. Elliot, Don H. Mattern . . . 172
Turbine for McNary Dam built in eastern shop . . . 792

UNITED ENGINEERING TRUSTEES

James L. Head elected president . . . 852

UNITED NATIONS
Lt. Gen. Raymond A. Wheeler proposed for U. N. post . . . 785
UNESCO Technical Assistance Program to continue in 1953 . . . 195

U. S. BUREAU OF RECLAMATION
Wilbur Dexheimer becomes Commissioner . 566

U. S. GEOLOGICAL SURVEY
"Small tractor cranes help make stream measurements for U.S.G.S.," Arthur H. Frazier . . . 697

U. S. GOVERNMENT
"Interior Department policy reflects new approach," Ralph A. Tudor . . . 826

U. S. NAVY
"Largest structure to date built by lift-slab method" (Norfolk, Va., Navy barracks), Edward K. Bryant . . . 606
J. R. Perry is new head of Bureau of Yards and Docks . . . 863
To administer construction program in Spain . . . 784

VIADUCTS
Pencoyd Viaduct, Philadelphia, on Schuylkill Expressway . . . 715
See also Bridges, Highways

WATER POLLUTION
"Miami tackles multi-faced pollution problem," E. Sherman Chase . . . 458
Discussion by Ross F. Sweeny . . . 613

WATER RESOURCES
Chamber of Commerce issues booklet . . . 430
More available on Oregon Coast . . . 338
Ventura County, Calif., plans project . . . 59

WATER SUPPLY

Los Angeles completes new facilities . . . 712
Water picture for August . . . 718

WATER TREATMENT
Aid in saline water research program asked . 62
Nine saline water projects approved . . . 790
"Sewage and water facilities for Levittown, Pa.," Alfred A. Estrada . . . 836

WATER WORKS
AWWA elects officers for 1953 . . . 270

WELDING
All-welded building for Downstate Medical Center of State U. of N. Y. . . . 336
American Welding Society installs new officers . . . 130
American Welding Society opposes licensing welders . . . 861
New prize competition open . . . 130
Prizes for papers on resistance welding announced . . . 196
"Savings on welded warehouse begin on designer's desk," David R. Graham . . . 522
Discussion by A. Selnick . . . 701
"Welding research leads the way toward stronger, more economical structures," La Motte Grover . . . 517

WELLPOINTS
"Miramar cofferdam dewatered by wellpoints," Byron J. Prugh . . . 452

Name Index

AKERS, JAMES BYRNSIDE
Posthumously honored . . . 854

ALDRICH, LLOYD
"Highway subway constructed under runways of Los Angeles International Airport" . . . 236

ALLEN, G. M., Jr.
"Approximate method determines bridge pier loss" . . . 177

AMIRIKIAN, ARSHAM
"Promising future predicted for precast thin-shell construction" . . . 530

ANDERSON, JOHN R.
"Intrusion grouting seals porous coral rock for Vedado cofferdam" (Almendares River Tunnel symposium), John C. King, co-author . . . 454

ASPLUND, S. O.
Discussion of bridge deflections . . . 480

BARLOW, GEORGE R.
"Railroad 90 miles long built at record speed in Venezuela" . . . 812

BAYER, CHARLES M.
"Designation of man-made wonders progresses" . . . 629

BENAS, BEN
"Centralized sludge treatment featured in San Francisco sewage plant" . . . 226

BILADEAU, A. L.
"Trickling-filter sewage plant built to remove radioactive wastes" . . . 546

BLENCH, T.
Discussion of his article, "Normal size distribution found in samples of riverbed sand" (Feb. '52) . . . 113

BOLIEAU, CLIFTON W.
"Half million gpm of condensing water used by TVA's Johnsonville Steam Plant" . . . 376

BOSCHEN, H. C.
"Havana traffic tunnel built in the dry under Almendares River" (Almendares River Tunnel symposium) . . . 447

BOWMAN, WALDO G.
"Study of expanding Society services reported by ASCE Task Committee," George W. Burpee, Francis S. Friel, co-authors . . . 259

BRIGHAM, L. E.
Purchasing services versus hiring employees . . . 844

BRUNE, GUNNAR M.
"Gully stabilization structures check erosion in western Iowa" . . . 590

BRYANT, EDWARD K.
"Largest structure to date built by lift-slab method" (Norfold, Va., Navy barracks) . . . 606

BURPEE, GEORGE W.
"Study of expanding Society services reported by ASCE Task Committee," Waldo G. Bowman, Francis S. Friel, co-authors . . . 259

CAREY, W. N., Jr.
"Special instruments measure WASHO road-test data" . . . 681

CARUTHERS, W. H.
Discussion of "Future development of the art and science of highway engineering," Thomas H. MacDonald (Oct. '52) . . . 180

CHASE, E. SHERMAN
"Miami tackles multi-faced pollution problem" . . . 458

CLARKE, LES
"Intersection of two lines computed by simple method" . . . 178

COOK, HENRY
"How would you do it?" . . . 39

COOKE-YARBOROUGH, STEVEN S.
Discussion on "Buildings in Pittsburgh's Gateway Center include unusual structural features," Joseph Di Stasio, M. P. van Buren . . . 845

CRANDALL, LYNN
Discussion of letter on irrigation financing proposals by J. C. Stevens (Oct. '52) . . . 181

CREAGER, WILLIAM P.
Honorary Member, dies . . . 329

CROCKETT, J. H. A.
"Forging-hammer foundation built to control destructive vibrations," Alden M. Klein, co-author . . . 6

CUMMINGS, A. E.
"Local materials in high Andes prove suitable for rolled-fill dam," R. B. Peck, co-author . . . 293

CUNDALL, K. N.
Discussion of "Soil-cement for house construction," Ralph Stone (Dec. '52) . . . 112

DAVIS, WILLIAM
Discussion on "Intersection of two lines computed by simple method," Les Clarke 318

DAVISON, A. H.
Discussion of his article, "Methods of general application developed for finding peak flood flow" (June '52) . . . 112

DEAN, W. E.
"Hinged spans for rarely opened bridges over Florida drainage canals" . . . 673
"Tests establish construction procedures for prestressed beams in Tampa Bay Bridge" . . . 30

DEXHEIMER, WILBUR
Becomes Commissioner, Bureau of Reclamation . . . 566

DICKINSON, M. L.
"Construction starts on Cherry Valley Dam—newest unit in Hetch Hetchy system" . . . 308

DI STASIO, JOSEPH
"Buildings in Pittsburgh's Gateway Center include unusual structural features," M. P. van Buren, co-author . . . 600

DOUGHERTY, RICHARD E.
Elected president of the Moles . . . 422

DUBE, PAUL J.
"Saving time and money in map reproduction" . . . 612

DUNN, GANO
Honorary Member, dies . . . 329

EDMONSTON, A. D.
"California proposes diversion of Feather River water to southern California" . . . 229

EDWARDS, GAIL P.
"Modifications in aeration and activated sludge process offer flexibility" . . . 300

EHLERS, JOSEPH H.
"From the Nation's Capital" . . . 51, 117, 186, 258, 331, 414, 486, 561, 631, 708, 776, 853

EINSTEIN, H. A.
"Vortex motion in viscous fluids studied in apparatus consisting of concentric glass cylinders," Huon Li, co-author . . . 605

ELLIOT, REED A.
"Record-size pump-turbine to be installed at TVA's Hiwassee project," Don H. Mattern, co-author . . . 172

ERICKSON, E. L.
"Precast concrete lends itself to economical bridge construction" . . . 92

ERICKSON, OLE P.
Discussion of articles on subaqueous excavation (Sept. '52) . . . 250

ESTRADA, ALFRED A.
"Sewage and water facilities built for Levittown, Pa." . . . 836

FITZSIMONS, NEAL
Discussion of German bridge . . . 112

FOLLETT, P. H. S.
"Hydrostatic pressures under a canal measured accurately" . . . 248

FRAZIER, ARTHUR H.
"Small tractor cranes help make stream measurements for U.S.G.S." . . . 697

FREYSSINET, EUGENE
"Largest concrete spans of the Americas" (Venezuela Superhighway symposium) . 557

FRIEL, FRANCIS S.
"Study of expanding Society services reported by ASCE Task Committee," George W. Burpee, Waldo G. Bowman co-authors . . . 259

FRINCKE, M. H.
"How would you do it?" . . . 599

GAHAGAN, WALTER H.
"Memorable dredging operation opens Orinoco-Macareo Waterway in Venezuela" . . . 816

GALLOWAY, T. R.
"Fly ash improves concrete and lowers its cost," A. S. Pearson, co-author . . . 592

GARBARINI, EDGAR J.
"Design saves construction dollars on Contra Costa Power Plant" . . . 297

GARTNER, ABRAHAM I.
Discussion on "Grid-type footings support California State Capital extension," Frank A. Johnson . . . 555

GATES, MARVIN
"Angles laid out in field with steel tape alone" . . . 551

GERWICK, BEN C., Jr.
"Transmission-line piers built under water without cofferdams" . . . 221

GILKEY, H. J.
"How would you do it?" . . . 108, 176, 247, 310

GLAESER, JESSE R.
"Ontario Hydro blasts out Niagara power tunnels of 51 ft diameter" . . . 676
"Ontario Hydro tunnels—lining concrete pumped into place" . . . 753

GOLZÉ, ALFRED R.
Discussion of reclamation financing . . . 319

GRAHAM, DAVID R.
"Savings on welded warehouse begin on designer's desk" . . . 522

GRANACHER, CHARLES W.
"Water intake for steel company built to withstand Monongahela River floods" . . . 528

GREENLEAF, JOHN W., JR.
"New 126-mile aqueduct to serve phenomenal growth of Florida Keys" . . . 543

GROVER, LA MOTTE
"Welding research leads the way toward stronger, more economical structures" . . . 517

GUNAJI, VASUDEO N.
"Equation for submerged sharp-crested weirs found applicable to 6-in. Parshall flume," James R. Villemonte, co-author . . . 406

HADLEY, HOMER M.
Closure on author's article, "Steel girders hung from concrete cantilevers" (Dec. '52) . . . 318

HAKMAN, PETER A.
"First-order survey pin-points construction across Tampa Bay" . . . 461

HALL, D. G.
"Precast concrete permits rapid construction of large Marine training center" . . . 533

HAMILTON, W. S.
"Water tunnel teaches Bernoulli principle" (at Northwestern University Hydraulics Laboratory) . . . 834

HARTSFIELD, KEITH M.
"Special equipment developed for surveying in Florida Everglades" . . . 474

HAYS, JAMES B.
"Gunite blanket improves foundation grouting for earth dams" . . . 246

HEER, JOHN E., JR.
Wins first Daniel V. Terrell Award . . . 488

HOLLEY, MYLE J., Jr.
"Prestressed concrete makes rapid progress in the United States" . . . 1

HOLT, J. A.
"Australia completes its longest plate-girder bridge" . . . 538

HORNER, EDWIN A.
"Connecticut airport expanded to meet both commercial and military needs" . . . 692

HOWARD, ERNEST E.
"Machine foundation supported by steel rods driven through clay" . . . 248
Past-President, dies suddenly . . . 630

HOWELL, DANIEL D.
"Hydraulic jump in irregular cross sections computed by time-saving method" . . . 766

HUANG, PAO CHYUAN
"Restraining-force method of calculating slope and deflection" . . . 842

HUBER, W. G.
"Complex excavation pattern cuts out underground powerhouse" . . . 396
"Tunnels and underground penstocks require a million cu yd rock excavation (Alcan-British Columbia hydro project) . . . 102

HUBER, WALTER L.
Past-President, honored by construction industry . . . 852

HUNT, IRA A., Jr.
Freeman Fellowship awarded to . . . 630

ISAAK, ELMER B.
"Highway use determines economic feasibility of N. Y. State Thruway" . . . 738

JENNINGS, R. C.
"West Virginia Highway Bridge Piers built inside cellular cofferdams" . . . 428

JOHNSON, FRANK A.
"Grid-type footings support California State Capitol Extension" . . . 373

JONAS, GEORGE J.
"20,000-gal oil-fired tank supplies hot water for ready-mix concrete plant" . . . 404

KELLY, KEITH A.
"Continuous frames with intermediate hinged joints analyzed with existing charts" . . . 109

KENNEDY, R. C.
"Sewage disposal project cleans up San Francisco Bay" . . . 390

KING, JOHN C.
"Intrusion grouting seals porous coral rock for Vedado cofferdam" (Almendares River Tunnel symposium), John R. Anderson, co-author . . . 454

KLEIN, ALDEN M.
"Forging-hammer foundation built to control destructive vibrations," J. H. A. Crockett, co-author . . . 6

LAND, WILLIAM E.
"How would you do it?" . . . 405

LANE, K. S.
"Special portals for outlet tunnels maintain slope stability at Garrison Dam" . . . 596

LANG, CONRAD H.
"Concrete pavement 9 in. thick supported by 4 ft of selected material for New York State Thruway" . . . 746

LARSEN, HAROLD T.
Made Manager of Technical Publications . . . 115

LEE, DONOVAN H.
"Prestressed concrete railway bridge of record span completed at Rotherham, England" . . . 26

LEONHARDT, FRITZ
"Continuous bridge girder prestressed in a single operation" . . . 18

LI, HUON
"Vortex motion in viscous fluids studied in apparatus consisting of concentric glass cylinders," H. A. Einstein, co-author . . . 605

LIN, T. Y.
Discussion of his article, "Big loads—no steel result in world's heaviest prestressed building girders" (Nov. '52) . . . 111

LIPPOLD, FRED H.
Discussion of "Gunite blanket improves foundation grouting for earth dams," James B. Hays . . . 480

LOEHLER, JOHN G.
Discussion of structural drawings . . . 320

LORMAN, WILLIAM R.
"Assembly-line technique results in low-cost concrete construction at Forrestal Village," Carl K. Wiehle, Jr., co-author . . . 760

LUND, GABRIEL E.
"Reinforced concrete featured in Bolivian church," Robert D. Schacherl, co-author . . . 464

MAGNEL, G.
Discussion of "Big loads—no steel result in world's heaviest prestressed building girders," T. Y. Lin (Nov. '52) . . . 111
To visit United States . . . 860

MAHER, F. J.
"Tests confirm Steinman theory of bridge oscillations" . . . 554

MANN, RALPH H.
"How would you do it?" . . . 696

MARLETTE, RALPH R.
"Missouri Basin Survey Commission reports" . . . 344

MATTESON, DeFOREST
Appointed Associate Technical Editor . . . 115

MATTERN, DON H.
"Record-size pump-turbine to be installed at TVA's Hiwassee project," Reed A. Elliot, co-author . . . 172

MAXTON, HOWARD P.
"Prefabricated steel piers cut construction costs" . . . 306

McMORRAN, J. B.
"Construction standards designed to attract traffic for N. Y. State Thruway" . . . 742

METZLER, D. E.
"Hydraulics laboratory equipment demonstrates fundamental principles of flow" . . . 315

MILLARD, L. O.
"Conveyors handle 6,000 tons of ore per hour at Puerto Ordaz, Venezuela" . . . 821

MILLER, E. A.
"Pneumatic pillow replaces sand bags for dead-load testing of structural panels" . . . 840

MOYSE, JACK
"Stirrup spacing in beams rapidly determined" . . . 698

MULLER, JEAN
"How the three bridges were designed" (Venezuela Superhighway symposium) . . . 161

MURROW, LACEY V.
"How to plan and pay for the safe and adequate highways we need" . . . 524

NADLER, MARCUS
"Mass transportation—Can we afford it?" . . . 829

NAGLE, JOHN L.
Discussion of "Intersection of two lines computed by simple method," Les Clarke . . . 409

NERVI, PIER LUIGI
"Precast concrete offers new possibilities in design of shell structures" . . . 85

NEWBY, JACK E.
"Cuts stabilized by drilling horizontal drains on Lookout Point Reservoir relocation work . . . 668

NEWMARK, N. M.
"What do we need to know about prestressed concrete?" . . . 35

NICHOLS, M. C.
Heads U. S. Bureau of Reclamation . . . 329

PALMER, EDWARD P.
Awarded 1953 Moles' Construction Award . . . 196

PARCEL, JOHN I.
Commemorative volume planned for his 75th birthday . . . 559

PARISI, PAUL A.
Appointed Assistant Technical Editor . . . 115
Discussion on "Angles laid out in field with steel tape alone," by Marvin Gates . . . 613

PARKHURST, DOUGLAS L.
"Self-reading level rod easily reconditioned" . . . 550
Level rod illustration corrected . . . 701

PARSONS, OLIVER J.
"Pumping stations for drainage areas designed graphically" . . . 553

PEARSON, A. S.
"Fly ash improves concrete and lowers its cost," T. R. Galloway, co-author . . . 592

PECK, R. B.
"Local materials in high Andes prove suitable for rolled-fill dam" . . . 293

PHELPS, EARLE B.
Noted sanitary engineer, dies . . . 570

PHINNEY, E. DONALD
"Big equipment speeds construction of Boqueron Tunnels" (Venezuela Superhighway symposium) . . . 154

POLIVKA, J. J.
Discussion of "Three monumental bridges built in Venezuela," Eugene Freyssinet . . . 480

POSEY, C. J.
Discussion on "Vortex motion in viscous fluids studied in apparatus consisting of concentric glass cylinders," H. A. Einstein, Huon Li . . . 844
"Scour holes easily contoured for erosion experiments" . . . 404

POWELL, RALPH W.
"'Insurance' concept balances economic factors in culvert design" . . . 408

PROUTY, FRANK H.
Discussion of National Bureau of Engineering Registration . . . 110

PRUGH, BYRON J.
"How to avoid cofferdam boils" . . . 765
"Miramar cofferdam dewatered by well points" (Almendares River Tunnel symposium) . . . 452

PRUYN, FRANCIS L.
Discussion on steel-pile foundations for buildings . . . 768

RAAB, NORMAN C.
"Economic studies determine location and design of Richmond-San Rafael Bridge," Ralph A. Tudor, co-author . . . 232

RAWN, A M
"Exhibit saves lumber waste on tunnel job" . . . 108

RICHARDSON, GEORGE S.
"Pittsburgh plans new bridges and traffic interchange at Point Park" . . . 385

RODY, WALTER W.
"High-tensile-strength bolts used in erection of 200-ton derrick and pile driver leads" . . . 198

ROWE, R. ROBINSON
Discussion of "Intersection of two lines computed by simple method," Les Clarke . . . 409
"N. G. Neare's Column" . . . 62, 130, 200, 271, 344, 430, 502, 571, 642, 718, 792, 866
Retires as Sacramento Section president . . . 263

ROWE, ROBERT S.
"Dimensionless curves aid design of flexible arch ribs," Sidney Shore, co-author . . . 699

RUNDLETT, J. C.
"Short-span prestressed beams carry highway bridge in Danvers, Mass." . . . 13

RYDZ, BARRY
Discussion of "Engineers needed on new frontier," A. E. Perlman (Dec. '52) . . . 113

SADLER, WALTER C.
"Legal responsibility of the registered engineer" . . . 311

SCHACHERL, ROBERT D.
"Reinforced concrete featured in Bolivian church," Gabriel E. Lund, co-author . . . 464
"Simplified method for preliminary hydrographic surveys of calm waters" . . . 316

SCHUBERT, W. E.
"Rock depths along canal route determined by seismic refraction" . . . 402

SCHWARTZ, M.
Discussion of "Steel girders hung from concrete cantilevers," Homer M. Hadley (Dec. '52) . . . 181

SELNICK, A.
Discussion of "Savings on welded warehouse begin on designer's desk," David R. Graham . . . 701

SERAN, HARRY A.
Engineers urgently needed in the Middle East . . . 845

SHAMA, ROBERT
"How the three bridges were built" (Venezuela Superhighway symposium) . . . 166

SHIPPEY, K. F.
Discussion of "How would you do it?" Henry Cook . . . 250

SHORE, SIDNEY
"Dimensionless curves aid design of flexible arch ribs," Robert S. Rowe, co-author . . . 699

SIBLESZ, HENRIQUE
"Venezuela builds new Caracas-La Guaira superhighway" (Venezuela Superhighway symposium) . . . 149

SMILLIE, RALPH
"Boqueron tunnels carry Autopista through Andean foothills" (Venezuela Superhighway symposium) . . . 152

SNYDER, HUBERT E.
Discussion on sight distances at railroad crossings . . . 180

SOLLID, ERIK J.
"Stresses in frame of Grand Coulee Pumping Plant reduced by construction procedure" . . . 318

SOWERS, GEORGE F.
"Miniature current meter fits inside of diamond drill hole to measure flow in limestone cavities" . . . 176

SPENCER, CHARLES B.
"How would you do it?" . . . 829
"New frame, old face, for Yale's Connecticut Hall" . . . 671

SPROUL, ROBERT G.
"A university president looks at engineering education" . . . 394

STEINHARDT, OTTO W.
"Prestressed concrete frames characterize U. S. Army laundry in Germany" . . . 388

STEINMAN, D. B.
"Messina Strait Suspension Bridge to span 5,000 ft" . . . 830

STIPP, JOHN R.
"Backwater profiles solved by Escoffier-Raytchine-Chatelain method" . . . 551

STRAUB, LORENZ G.
"Portable demonstration channel used for hydraulics motion pictures" . . . 466

STURGIS, SAMUEL D., JR.
"Arctic engineering know-how gets acid test at Thule" . . . 585

SWEENY, ROSS F.
Discussion on "Miami tackles multi-faced pollution problem," by E. Sherman Chase . . . 613

SWEETON, ARTHUR W., 3rd
"Weir plates helpful in sewer gaging" . . . 40

TALLAMY, B. D.
"Authority pushes work on 427 mile New York-Buffalo section on N. Y. State Thruway" . . . 735

TEDESKO, ANTON
"Construction plant for shell structures should be carefully coordinated" . . . 96

TERRELL, DANIEL V.
Awarded District 9 award . . . 51
Nominated for President of ASCE . . . 484
Inducted at Annual Convention . . . 702
Inaugural address: "More service to the membership—a continuing goal" . . . 758

TIMBY, ELMER K.
Discussion of "What do we need to know about prestressed concrete?" N. M. Newmark . . . 180

TUDOR, RALPH A.
"Economic studies determine location and design of Richmond-San Rafael Bridge," Norman C. Raab, co-author . . . 232
"Interior Department policy reflects new approach" . . . 826
Named Under Secretary of the Interior by Pres. Eisenhower . . . 183

UPSON, MAXWELL M.
"Prestressing warrants study to simplify construction methods" . . . 22

VAN BUREN, M. P.
"Buildings in Pittsburgh's Gateway Center include unusual structural features," Joseph Di Stasio, co-author . . . 600

VAN TUYL, DONALD W.
Discussion of letter on irrigation financing proposals by J. C. Stevens (Oct. '52) . . . 181

VERBEEMEN, E. E.
Discussion of "How would you do it?" Henry Cook . . . 250

VILLEMONTE, JAMES R.
"Equation for submerged sharp-crested weirs found applicable to 6-in. Parshall flume," Vasudeo N. Gunaji, co-author . . . 406

WADDELL, J. J.
"Low-cost compacted earth lining shows low seepage losses on Friant-Kern Canal" . . . 684

WADSWORTH, RALPH G.
"San Francisco's Broadway Tunnel completed" . . . 241

WANAMAKER, W. W.
"Vast and varied engineering works develop Venezuelan iron-ore deposit" . . . 807

WENDELL, E. W.
"Bridge design is guided by esthetics as well as functional considerations" (for N. Y. State Thruway) . . . 749

WENTWORTH, PAUL M.
"Collective bargaining for professional employees" . . . 115

WHITFIELD, THOMAS H., JR.
"Pressure prehydration increases strength of hydraulic cement mortar specimens" . . . 611

WHITNEY, CHARLES S.
"Shell design adaptable to many uses" . . . 89

WIEHLE, CARL K., JR.
"Assembly-line technique results in low-cost concrete construction at Forrestal Village," William R. Lorman, co-author . . . 760

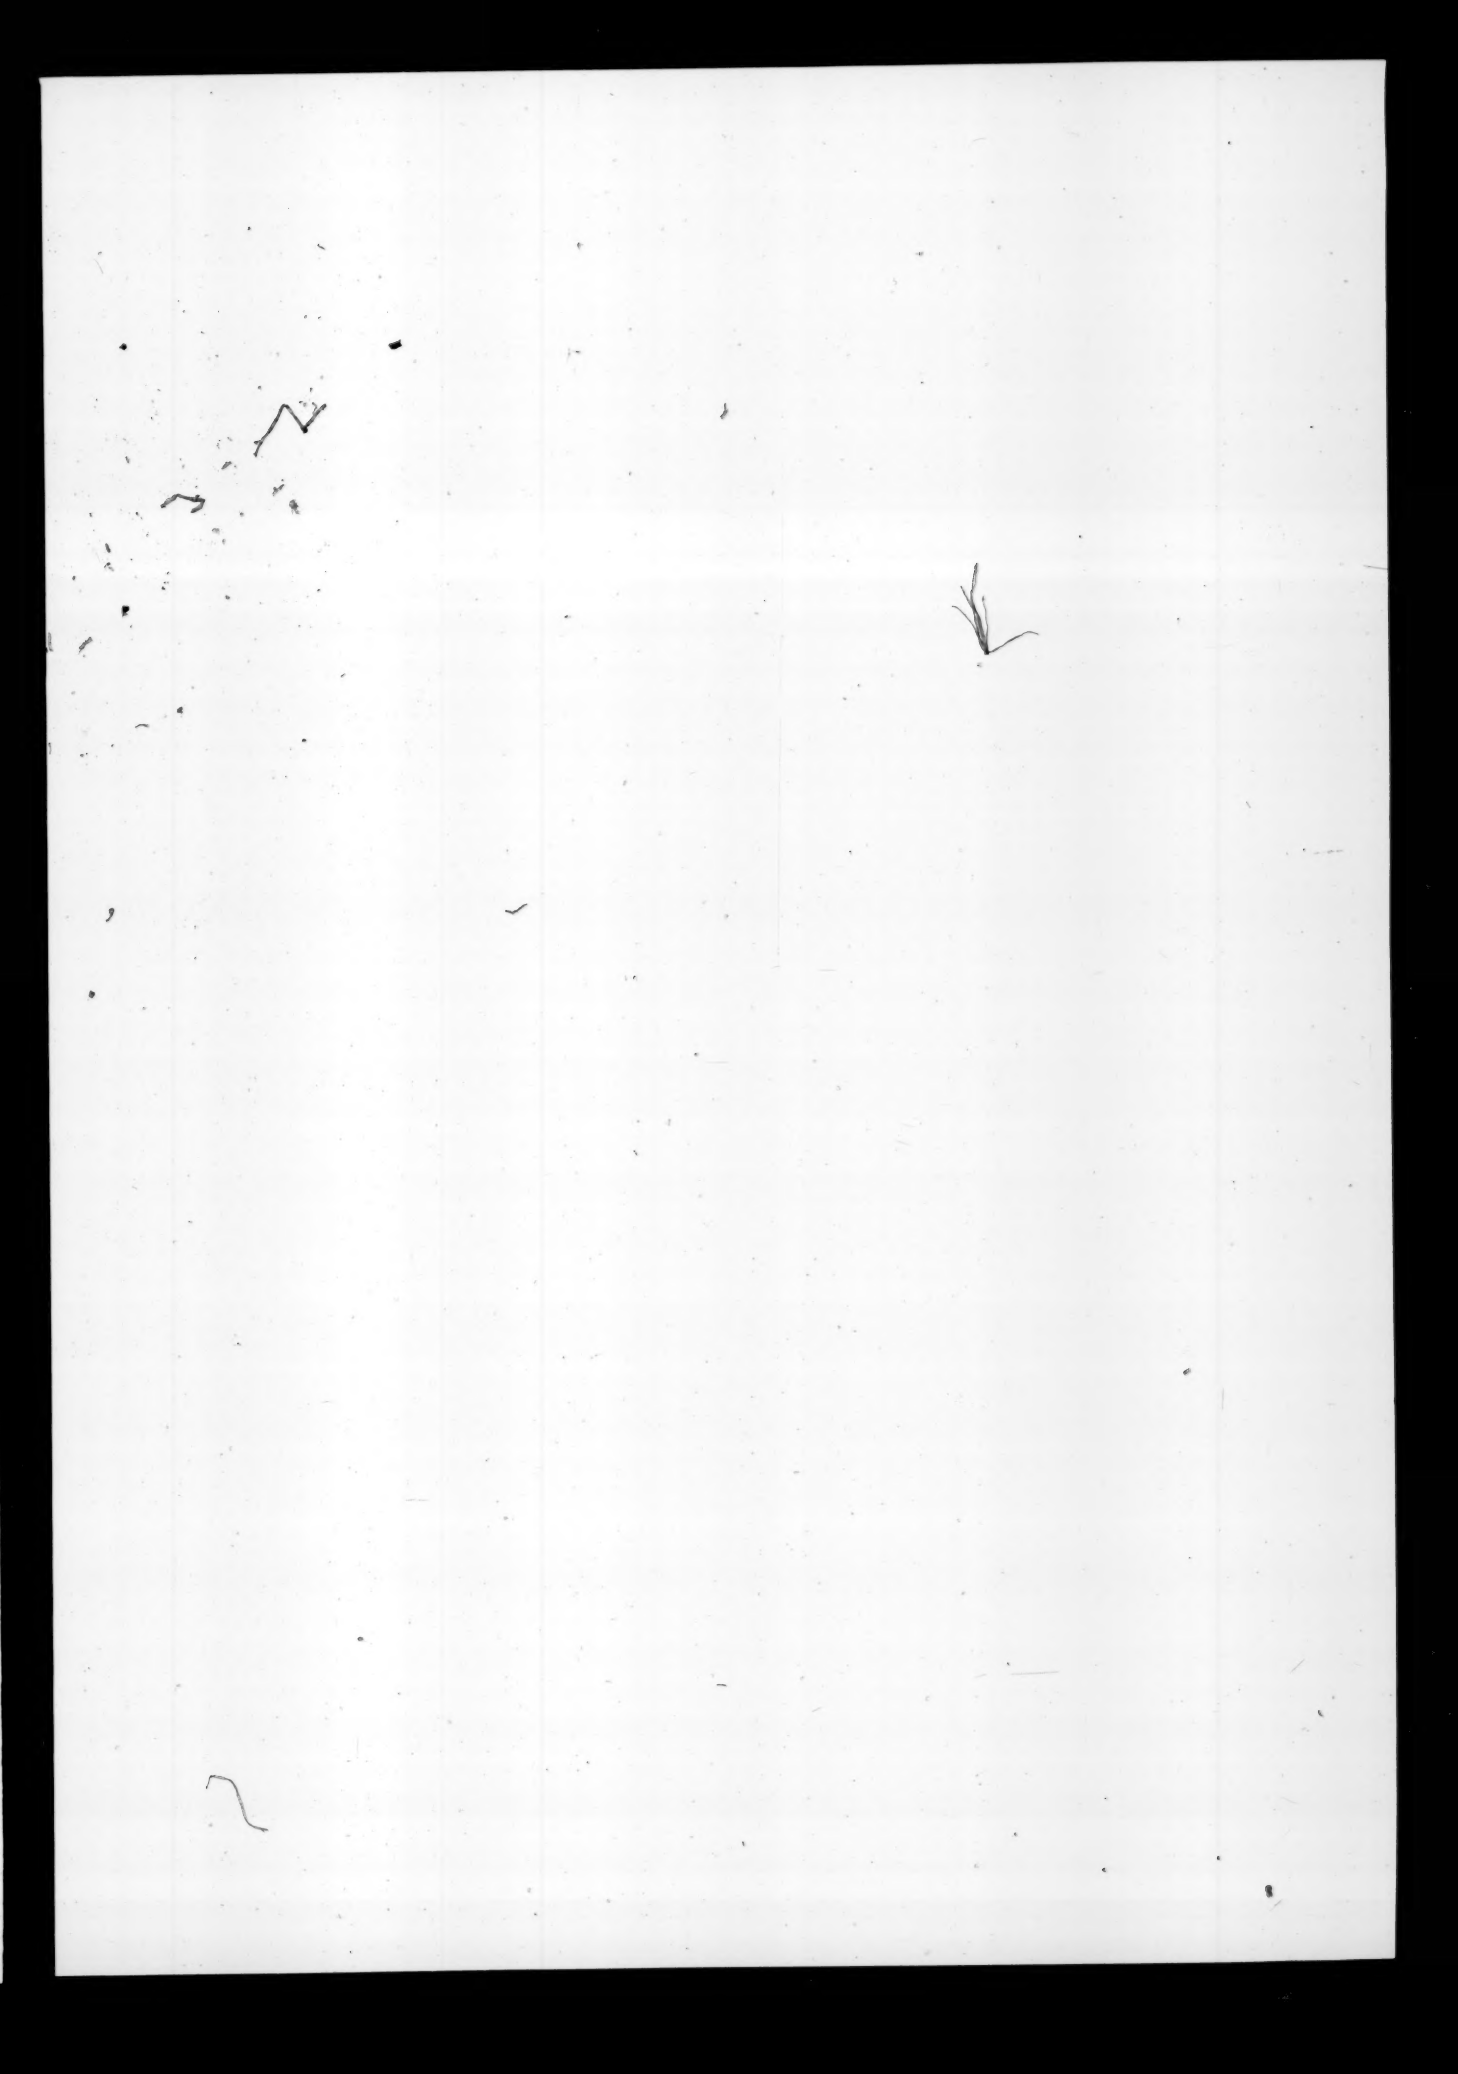
WILLIAMS, G. L.
"How would you do it?" . . . 467

WILMOT, SYDNEY
Retires as Manager of ASCE Technical Publications . . . 49

WILSON, MURRAY A.
"Long trusses and steel cantilevers provide open work area for Boeing flight hangar" . . . 312

WINSTON, R. F.
Discussion of "Intersection of two lines computed by simple method," Les Clarke . . . 318

WOOD, ROBERT H.
"Production-line precasting and careful scheduling mark construction of Bay St. Louis Bridge" . . . 380

WOODWARD, SHERMAN MELVILLE
Honorary Member, dies . . . 709


YATES, J. P.
"What happens to construction when defense spending stops" . . . 304
